- **All cats must have up to date vaccinations, including Rabies (10 days prior to check in) and must also be on a monthly parasite control for fleas and worms EACH and EVERY TIME your cat boards with us. Your vet is the best person to advise on, and provide you with, parasite control.** Any pet found to have any kind of parasite will be referred to a vet for recommended treatment and the owner will be billed accordingly plus transportation fees. Feline Leukemia is also recommended, however, cats are not allowed to socialize unless from the same family.
